Making Calls:

For Ordinary Set: Lift the handset, after hearing dial tone begin dialing.

For Flexicom Set in following ways:

- Lift the handset, after hearing dial tone begin dialing. To discontinue, hang up.
- Without lifting the handset, either dial on or press **SPKR** key and then dial on. To discontinue, press **SPKR** key again.

Receiving Calls :

For Ordinary Set: Lift the handset and speak.

For Flexicom Set in following ways:

- Lift the handset and speak.
- Press the flashing **SPKR** key and speak. To discontinue, press **SPKR** key again.

(89)

Call transfer: A received call from either external or internal calling party can be transferred to another extension by pressing either HF (Hook Flash Switch) momentarily (for Ordinary Set) or **XFER** key (for Flexicom Set) and dialing extension no. XXXX, while holding the calling party. If the called party answers, ask him to talk with the calling party and keep your hand set on the cradle. Then call transfer will be established. If the called party does not answer or is busy or does not wish to take the call, you can reconnect with the calling party by pressing either HF (Hook Flash Switch) momentarily (for Ordinary Set) or **XFER** key (for Flexicom Set) again.

Call forward registration: If you are not on your extension and will be engaged on another extension for quite sometime and you wish to take all your incoming calls on this new extension, your extension can be programmed to forward all your incoming calls to the new extension. Either lift the handset (for both type of sets) or without lifting the handset (for Flexicom Set) dial 141 followed by required extension No. **XXXX** as marked in the feature code. All incoming calls to your extension from where the call forward registration was made, will be automatically forwarded to **XXXX**

Call forward cancellation: Either lift the handset (for both type of sets) or without lifting the handset (for Flexicom Set) dial 141 10. from the extension where the call forward registration was programmed and hang up.

Call Pick up: If you hear an extension is ringing without attending, you can pick up the call to your own extension. Either lift the handset (for both type of sets) or without lifting the handset (for Flexicom Set) dial 180 followed by ringing extension No. **XXXX** as marked in the feature code. The call will be picked up on your extension from the ringing extension. When you/hang up, normalization will be taken place.

Camp on busy: This facility allows you to wait on the line of a busy extension. If you get your dialing extension busy but you want to speak urgently, press either HF (Hook Flash Switch) momentarily (for Ordinary Set) or **XFER** key (for Flexicom

(90)

Set) and dial 2 and then keep your hand set on the cradle. With this, Camp on busy is established. When the busy extension releases you will be hearing the ring tone. Lift your handset only. The dialed extension will be ringing.

Call on Hold: This facility enables you to hold the calling party of an established call and want to make an enquiry call to another extension without loosing the hold party and without allowing him to hear the conversation and return to the hold party. Ask the calling party to hold the line. Press **HOLD** key. The **HOLD** key will lit for Flexicom Set. The calling party will be placed on hold and hearing music. Dial required extension no. for enquiry call. To return to the held party, disconnect the enquiry call, press **HOLD** key again. The lit **HOLD** key will go off for Flexicom Set.

Redial: Press either * key (for Flexicom Set) or REDIAL key (for Ordinary Set) for redialing the number you had made last.

Conference (3-party): During your conversation with any user, you can bring the third party into your conversation to make a 3-party conference. Dial an Extn. No. XXXX. After hearing the response from XXXX, ask him to be on the line and then Press either HF Switch momentarily (for Ordinary Set) or **XFER** key (for Flexicom Set), this party will be on hold and getting music. Now dial another Extn. No. ZZZZ. After hearing the response, press either HF Switch momentarily (for Ordinary Set) or **XFER** key (for Flexicom Set) again. With this, XXXX party will be reconnected with the caller and ZZZZ party and thus a 3-party conference is established. During 3-party conference any party can come out of the conference by simply keeping the hand set on the cradle of his / her own extension.

Wake up registration: You can program this code on your extension as marked in the feature code to call you at a designated time (HHMM). For programming your desired time, dial 173 11 HHMM 2/7. Such as 0805 for HHMM i.e. five

(91)

past eight and dialing 2 for AM. or 7 for PM. Hear the confirmation tone and hang up. On your programmable desired time, your extension will be started ringing. You will get music on lifting the handset. In addition "Wake call" display will be on screen for Flexicom Set. If you do not attend the extension, 7 rings will be continued 4 times after 1 minute intervals and then the feature registration cancels automatically.

Wake up Cancellation: Dial 173 10 as marked in the feature code and hang up to cancel your registered time.

Message reading in Voice Mail: When message is waiting in voice mail for you, Special dial tone will be appeared on the extension until the message is erased from Voice Mail. In addition for Flexicom Set LED lamp placed on the right top corner of the set will be started flickering. To hear the message dial 123 XXXX PPPP then follow in built instruction. For going to next message press # twice and repeat pressing # twice for each further message. The XXXX and PPPP are for your extension no. & password respectively. The password is initially 0000 by default.

Message deletion in Voice Mail: After hearing the message from Voice Mail, Dial 3 and Press # and hang up. Message will be erased and normal dial tone will be restored. For Flexicom Set LED lamp placed on the right top corner will be put off and normal dial tone will be restored. Alternatively Dial 175 10 and hang up.
