

**VECC-IPR-ECIL representing DAE Pavilion at  
“Indian National Exhibitions-Cum Fair”  
at Dinabandhu Andrews College Ground, Garia,  
August 17-20, 2017.  
(14:00 hr to 20:00 hr)**

Variable Energy Cyclotron Centre (VECC), Kolkata, along with the Institute of Plasma Research (IPR) and Electronics Corporation of India Limited (ECIL), is going to represent the **DAE pavilion** at “Indian National Exhibition Cum Fair”, at Dinabandhu Andrews College Ground, Kolkata, during August 17-20, 2017.

The focal theme of the exhibition is “**Science & Technology for National Development & Make In India**”. The Public Awareness Cell of VECC has put up models of cyclotrons and other detector modules and the posters on various activities of VECC, Kolkata. IPR has also put up working and static models related to plasma research and technology.

All are invited to visit the DAE pavilion represented by VECC, IPR and ECIL, at the above exhibition.
