Date: February 11, 2022

Celebration of National Science Day 2022

An online celebration of National Science Day will be organized this year by Variable Energy Cyclotron Centre (VECC), Kolkata. The program schedule is given below. Detail of the program will be uploaded shortly.

Date: March 1, 2022

Time: 3:00 pm to 5:30 pm

Venue: Online platform (link shall be shared after registration. Participants should have a mobile or a computer with good internet connection speed)

Theme of this year's celebration: “Integrated Approach in Science and Technology for Sustainable Future”.

The program includes scientific talks, video show / virtual visit to the institute, and debate contest. Applications are invited from the schools and colleges. Preference will be given to the remote schools and colleges. A maximum of 4 students from each school (class VIII – XII) / college (1st and 2nd year) along with one/two teachers may participate in the program. Interested schools / colleges may enroll their names for participation using the following link: tiny.cc/NSDreg

Any queries may be communicated to us along with your contact number at the following email address: pac@vecc.gov.in

Selection will be based on first come first serve basis.

Last date for application: **February 25, 2022**

There will be a debate on the motion **“Technology, rather than science will drive India towards a sustainable future”**. The students who opt to participate may come prepared for both against and for the motion.

Interested children of employees of DAE may also participate with their details at the above email address.
